## LETTER OF APPRECIATION

Sai Krishna Charitable Trust expresses heartfelt gratitude and deep appreciation for the involvement of Dr MN Sundareshan and Dr Kanakalatha in all activities of the Trust. Dr. M. N. Sundareshan and Dr. Kanakalatha, fondly and lovingly referred to by all of us as **Sundar Uncle and Kanaka Aunty**, have been among the most active, committed, and inspiring well-wishers of Sai Krishna Charitable Trust. Over the years, they have contributed significantly to the growth and sustenance of the Trust, especially in supporting the running of Sai Krishna Vidya Mandir and ensuring that needy children receive high-quality education, skill development, value-based nurturing, and medical care completely free of cost.

However, their involvement has never been limited to financial support alone. It has been far deeper, more personal, and more meaningful. Their contribution has been a beautiful combination of compassion, responsibility, wisdom, and action. They have always shown genuine concern for the welfare of students, staff, volunteers, patients, and the larger community served by the Trust. This concern has not remained at the level of words or intentions; it has consistently expressed itself through active participation, guidance, encouragement, and hands-on service.

Since the year 2021, Sundar Uncle and Kanaka Aunty have been a part of almost every important function and initiative of Sai Krishna Charitable Trust. Their presence has brought warmth, strength, and confidence to the entire institution. What makes their association truly special is the personal bond they have developed with many students, staff members, volunteers, and trustees. They have not remained distant supporters, but have become part of the extended Sai Krishna family.

Though they have consciously chosen not to hold the formal designation of Trustees, their involvement has been no less than that of the most committed custodians of the Trust's mission. They have brought to the table a rare blend of detached wisdom, humility, clarity, and selflessness. Their guidance has always been rooted in sincerity and the larger good of the institution.

Kanaka Aunty has been an epitome of humility, simplicity, kindness, and quiet strength. Her gentle presence, affectionate words, and deep sensitivity have touched many hearts. Sundar Uncle, on the other hand, exemplifies clear thinking, transparency, discipline, and a no-nonsense approach. He has always encouraged honest analysis, responsible decision-making, and accountability. Their approaches may appear different, but together they have beautifully complemented and strengthened each other. Their combined perspective has often helped the Trust look at issues from multiple angles and arrive at balanced, thoughtful decisions.

Their physical participation has also been nothing short of phenomenal. At an age when most people would prefer to slow down, Sundar Uncle and Kanaka Aunty have continued to walk the talk. As 75-year-olds, they have stood shoulder to shoulder with youngsters, actively participating in service activities and public welfare initiatives. Their example reminds us that true service is not limited by age, designation, or convenience. It is driven by love, commitment, and inner conviction.

In every sense, this noble couple has been a formidable force in societal transformation through Sai Krishna Charitable Trust. Their support, guidance, presence, and example have strengthened the Trust's work and inspired many others to serve with greater sincerity.

The Trustees, volunteers, staff, and students of Sai Krishna Charitable Trust remain ever grateful to Bhagawan Sri Sathya Sai Baba for bringing such noble souls as Kanaka Aunty and Sundar Uncle into our lives. We have learnt immensely from them and continue to be inspired by their legacy of selfless service, humility, clarity, and love in action.

Warm Regards,

For Sai Krishna Charitable Trust
